

Friends of Martello 24 Display Committee meeting 26.7.19.

Present

Andrew, Barry, Richard, Denise

Apologies

Maureen

1. AV display - it was decided that a 32" TV and a memory stick either on a stand or attached on a bracket on the wooden partition in the Officer's room would be best to start with, because of the difficulty in accessing the storeroom. We will get a quote from Foordes in St.Marys Bay. Installation of power point will need to be by EH contractor Sykes. We will need permission from EH to attach a bracket to the wall. The presentation should be about 4-5 minutes explaining the Why? When? How? Of the Tower using our resources.
2. Figures - to investigate getting a quote from HWW Museum Mannequins for a mannequin. Also sutlers.co.uk will provide a hand made uniform for the Cinque Port Volunteers. Jacket £295, trousers £60, shirt £30 plus vat. Need to speak to Andy from Cinque Port Volunteers about correct uniform.
3. Table displays- Andrew has bought 3 pewter plates and will look at getting some tankards. We will look at getting some fake food. (Ian suggested we should also get clay pipes.)
4. Meeting with EH display teams - we all felt that it would be invaluable if we could meet with the display team and find out which fonts etc we should use for signage and labels. And to discuss where we can buy some of the items for our new displays.
