

ROTARY CLUB OF ROMNEY MARSH

LAPTOP APPEAL

You will have read a lot in the National Press and seen on TV that too many children are struggling with home learning for want of a laptop or tablet and that is as true in our area as it is in the rest of the country. The Rotary Club has made contact with many schools locally and can confirm that there is still a genuine need which will remain well after lessons resume in the classroom as access to internet and technology is now an essential part of school life at all times.

We are therefore launching this appeal to individuals and local businesses to ask for your help.

If you have a working Laptop or Tablet with associated mains leads, chargers, etc. - no matter how old - can we have it please?

If you can donate the device, we will ...

- Collect it from you.
- Arrange to have the hard drive securely wiped clean.
- Deliver it a local school for loaning out to their pupils to use at home.
- Include your name (unless you ask us not to) on a Roll of Honour on our website and possibly in the local press.

If you can help please call Gill Singfield on 01797 367258 or email her at gilsingfield@btinternet.com

If you are unable to donate a working device, a donation to help with any necessary software or memory upgrades would also be welcome.

Simply donate using our website page www.romneymarshrotary.co.uk

All donations received during March, April and May 2021 will be used to help fund technology in schools.

Thankyou.

Rotary Club of Romney Marsh: Reg'd Charity No. 281361
